Please address any reply to:

THE SECRETARY

and quote:

Your reference:

5th March, 1969.

Dear Dr. Wallace,

Notification of Hepatitis

... Thank you for your letter of 27th February on this subject. I enclose a copy of the official circular which was sent out and also a copy of the appropriate Statutory Instrument.

You will note that it is "infective jaundice" which is notifiable and serum hepatitis is therefore one of the infections included. The circular contains a paragraph on serum hepatitis.

Yours sincerely,

(D. M. PENDREIGH)

Dr. John Wallace,
Regional Director,
Glasgow and West of Scotland Blood
Transfusion Service,
Law Hospital,
Carluke,
Lanarkshire.
