JOHN WALLACE B.Sc., M.D., M.R.C.P.G., F.C.PATH.

AT LAW HOSPITAL,
CARLUKE,
LANARKSHIRE.

JW/JH.

27th February, 1969.

Dr. I. S. Macdonald, M.D., D.P.H.,
Scottish Home and Health Department,
St. Andrew's House,
Edinburgh, 1.

Dear Dr. Macdonald,

Notification of Hepatitis

I do not appear to have received any official information about hepatitis being a compulsorily notifiable disease in Scotland. I would therefore be glad to know the official position. If the disease is notifiable I would also like to know what advice has been or is being given about recognising and reporting cases of serum hepatitis.

Yours sincerely,

John Wallace

Regional Director.
