Dr. L.D.S. Rogan,  
3 Hilton Terrace,  
Bishopbriggs.

Dear Dr. Rogan,

Rev. David Black, 30 Fascally Avenue, Bishopbriggs, Glasgow.

I now have the result of the barium meal on this patient, arranged by Dr. Erskine. This showed no abnormality of the oesophagus, stomach or duodenum. There was no evidence of a peptic ulcer to be seen. I think Mr. Black should be re-assured with this negative result. I will see him again for review in three months' time.

Yours sincerely,

J.F. Davidson.  
Consultant Haematologist.

P.S. The result of his E.C.G. has just been received -  
"Sinus bradycardia 58 per minute normal."
