Dear John,

EILEEN O'HARA, DOB: 9.10.30 UNIT NO: 093961
66 MENZIES ROAD, GLASGOW, G21 3LY

Thank you for your letter about this patient. I note that you feel that she does not require a repeat liver biopsy, and that she is probably not a good candidate for Interferon. I would be happy to accept your advice about this.

Kind regards.

Yours sincerely,

E H McLAREN
