Dear Dr. Davda,

Eileen O'Hara, d.o.b. 09.10.30, Unit No. 93961,
56 Menzies Road, Glasgow. G21.

This fifty nine year old lady was seen at the eye clinic of Miss Hind on 10th May, 1990 because she was recently diagnosed as suffering from diabetes mellitus. Her diabetes was diet control only.

Ocular examination was unremarkable. I could not detect any signs of diabetic retinopathy or maculopathy.

I, therefore, discharged her back to your capable hands for follow up regarding her diabetes.

Yours sincerely,

A handwritten signature in black ink, reading 'S.H. Cheung'.

S.H. Cheung,
Registrar in Ophthalmology.
