Dear Dr Jamieson

MR VICTOR TAMBURRINI DoB 27/04/1957 Unit No. 620109706M CHI  
284E LONDON ROAD GLASGOW G40 1PT  
Attended: 15/07/2004 Consultant: Dr K Simpson TRANSPLANT SURGERY

DIAGNOSIS;

1. Hepatitis C in second transplant
2. Fibrosing cholestatic hepatitis in current graft
3. On combination treatment with hepatitis C with GCSF and EPO support

Current medication -

Valganciclovir 900 mg od  
Atenolol 50 mg od  
Amlodipine 5 mg od  
Tacrolimus 1 mg mane - 0.5 mg nocte

I saw this gentleman in the clinic today. His major symptoms were that of fatigue and tiredness, but there were no other complaints. He continues on his anti-HBV treatment with EPO for support.

In the clinic today his weight was 79 kilos with a BP 132/82.

Bloods were taken in the clinic, but unfortunately there was a processing error, and these did not reach the laboratory. He will therefore attend for bloods in
