Dear Dr McCallum

Victor Tamburrini – DOB 24:04:57

Further to my letter dated 25 June 2002, I have now completed all planned relapse prevention sessions with Mr Tamburrini.

He successfully completed all work given and reported abstinence throughout my contact with him. Mr Tamburrini felt that he would manage to sustain long term abstinence without further support from Alcohol Services. He is in possession of my phone number should things become difficult but I have not made any further plans to see him.

Yours sincerely

Audrey Russell
